Term 1 Week 3– Thur. 14<sup>th</sup> February 2019

## PRINCIPAL'S MESSAGE

All the children have now settled into the routines of school life and are working hard to achieve their learning goals.

## FRIDAY SCRIPTURE

I am sad to say that there will be no scripture on a Friday at our school until further notice. Unfortunately there is a shortage of scripture teachers and none are willing to travel to Greenethorpe at this stage. The team leader is working hard to get us another teacher and will be in touch, should she be successful.

## SWIMMING CARNIVAL

Congratulations to all the children who attended the swimming carnival. It was a very well organised carnival and it was great that our non-swimmers had plenty of opportunities to get in the water.

## UNIFORMS REMINDER

The P and C have significantly reduced the price of several uniform items to reduce the stock levels we currently have. If you want a bargain, please be quick. Uniform shop will be opened on Tuesday and Wednesday mornings only between 8:30 and 9:00am. Please bring cash or a cheque for payment as we do not have an EFTPOS facility. It is always good to have a spare hat as these seem to disappear. School hats are only available at the school and are reduced to \$8 at the moment.

## ABSENTEE NOTES

Please make sure notes are returned promptly after any absences. These notes were sent home in week 2. Thankyou for returning the other permission notes.

Council is inviting all Shire residents to attend the evening.

## WEDDIN SHIRE INFORMATION

Weddin Shire Council has introduced the Snap Send Solve app. Snap Send Solve makes it easy for community members to contact Council to report on any issues faster and more efficiently.

Like all great ideas, Snap Send Solve was developed from a simple thought – “wouldn’t it be great if I could report this broken swing in the park through an app”.

The result has been a robust, user focused, mobile app that takes all the thinking out of reporting to local authorities. The premise was simple: the app works out where you are, who manages the incident within that particular area and then using a users own email address sends through relevant information such as location, incident type and any related image to the correct contact.

Simply download the free app on your mobile device – available through the Apple app store or Google Play. More information can be found at <https://www.snapsendsolve.com/>

This is another technological innovation that Council is introducing to assist our organisation to become more efficient and effective in our operations and delivery of services.
