Term 3 Week 1– Thur 22nd July, 2020

PRINCIPAL'S MESSAGE

Welcome to Term 3 everyone. Hopefully everybody had a restful break. We have decided to remove Student of the Week as a weekly reward system. Instead we are rewarding individual students for their effort and achievement by giving them dojos. Students receive a 10 minute free time period when they reach each increment of 25 dojos and a choice out of the prize box and a multi day when they reach 100 dojos. We will be giving out student rewards.

Brain Gym

We often do brain gym with the students in the morning. Brain Gym is a light exercise that involves students moving their arms and legs across the body. This gets the brain thinking and warmed up, while also getting some exercise for the start of the day.

MRS CARTER'S MESSAGE

The children had a wonderful time yesterday. Even the weather was kind with a warm, balmy afternoon. The children created a wire wand and dipped them into mixture. They waved their wands and...tadahhh....bubbles. Along with the fun and excitement, the children had an observation task where they had to take notice of the shape of the bubbles, the colours they saw and the shapes, size and position of the colours. The children then began watching a guided video and teacher demonstration to create their own representation of bubbles on black cardboard. The children were excited with this lesson and engaged while creating their bubbles. Well done everyone.
