Term 3 Week 4– Thur 13<sup>th</sup> August, 2020

## PRINCIPAL'S MESSAGE

The children began week 4 with an eventful and exciting day as they headed off to Koorawatha Public School to meet Healthy Harold at the Life Education Van. The students undertook other activities while at Koorawatha Public School. These included Art, Aboriginal Education, Music and Science. The school will provide all the students with a **free BBQ lunch next Friday 21<sup>st</sup>** as a celebration for all the hard work the children have been doing at school.

## HEALTHY HAROLD

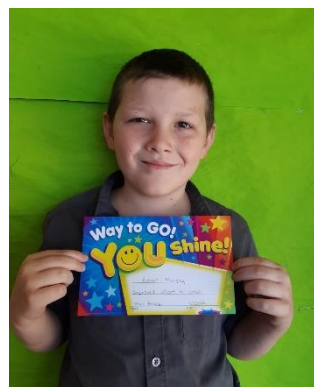

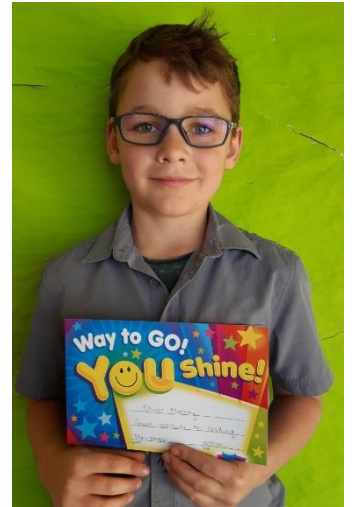

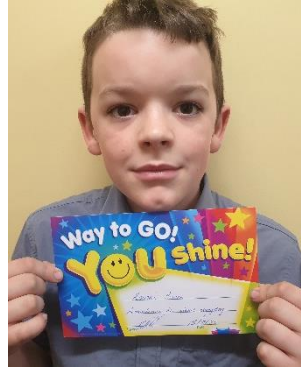

## MRS CARTER'S ROOM

Infants have been working with multiplication and arrays. The children had the opportunity to explore arrays in everyday life in such things as donuts in a box, a baked slice cut into a 6 x 4 grid, city buildings and cartons of different amounts of eggs. The children have learnt about the different ways that array configurations can be recorded. To display their knowledge of groups, rows, columns and arrays the children made a city array. They had to make a building and place an array on it to represent windows, then write multiplication facts to match.

Charlize is pictured playing with the straw rocket she made. Izzy and Dylan created some fantastic crazy glasses.

### Award winners for Week 4

Brent Cartwright,  
Principal.
